

OUR TRIP TO CROATIA

MUSEUM OF NIKOLA TESLA

The Nikola Tesla Museum is a science museum located in the central area of Zagreb, Croatia. Its first part is primarily a memorial exhibition, while the second part is an interactive one, with 3D computer generated models of Tesla's inventions.

KRAPINA NEANDERTHAL SITE,

it's a Paleolithic archaeological site.

Krapina Neanderthal Site represents the largest known sample of Neanderthal remains, with some scientists placing the number at around 80 individuals

THE ZAGREB CATHEDRAL

THE SECOND TALLEST BUILDING IN CROATIA BUT ALSO THE MOST MONUMENTAL SACRAL BUILDING IN GOTHIC STYLE.

THE CATHEDRAL HOLDS A TREASURY THAT INCLUDE VARIOUS METAL VESSELS, LITURGICAL VESTMENTS, AND LITURGICAL BOOKS COLLECTED DURING VARIOUS PERIODS OF ITS HISTORY .THE CATHEDRAL WAS DAMAGED IN THE 2020 EARTHQUAKE ON 22 MARCH, IN WHICH THE TIP OF ITS SOUTHERN SPIRE BROKE OFF

DUGO SELO

We also visited Dugo Selo and
its school, Ivan Benković.
Najstariji pisani tragovi o
životu na dugoselskom
području postoje iz 1209.
godine
